

EXAMINER'S AMENDMENT

Claims 5, 9-10 and 14-20 are allowed.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Shuji Yoshizaki (REG # L011) on 23 June 2008.

The application has been amended as follows:

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance: Applicants response has been deemed persuasive in view of applicants' arguments and showings of record. The prior art does not adequately disclose or suggest compositions having acetyl tributyl citrate at an amount of 70 % by volume or more and providing the same or substantially the same luminescence. Basis for said limitations are found in the examples, sample 2 at 100% ATBC (page 4), and the compositions formulated for the test of shown in tables 3 and 4, wherein numerous data points are shown throughout the range.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
